

European Funds  
for Eastern Poland

Republic  
of Poland

Co-funded by the  
European Union

**EDBA Bartosz Drosakis**

is implementing a project titled:

**"Automation of Logistics and Production Processes as an Opportunity for the Development of the Company Edba"**

co-financed under the program

European Funds for Eastern Poland 2021-2027

Priority I: Entrepreneurship and Innovation

Action 1.2: Automation and Robotization in SMEs

### **Project Goals and Implementation**

Implementation of recommendations from the technological audit conducted at the Applicant's company between 18.10.2023 and 06.11.2023.

### **Project Activities and Results:**

1. Expansion of the machinery park through the purchase of automated/robotic CNC machines for key machining operations (turning, milling) and CAD/CAM software.
2. Expansion of production capacities enabling the execution of new orders through high-precision machines.
3. Implementation of governance principles and reorganization of the company to efficiently implement new technologies and their subsequent use - this recommendation will be carried out through the purchase of consultancy services.
4. Training activities to prepare for the implementation of new technological solutions.
5. Mentoring activities supporting continuous improvement principles, including in the area of automation of both production and administrative-management and auxiliary processes.
6. Activities related to building cybersecurity in the company.
7. Implementation of innovation in the form of a worm for oil pumps.
8. Implementation of process innovation through the purchase of a milling center, turning center, software, and the introduction of a new organizational framework within the company.
9. Increase in revenue from the sale of new or improved products/services.
10. Creation of 1 job position.

11. Training of employees in skill development related to smart specialization, industrial transformation, and entrepreneurship - 34 people.

Target Group:

Management and staff of EDBA Bartosz Drosakis

**Project value: 4,183,722.00 PLN**

**EU co-financing: 2,410,950.00 PLN**
